

ABERDEEN & DISTRICT MOTOR CLUB

YTHAN VALLEY 50

The second round of the ADMC Novice Navigational Rally championship was held on Saturday 16th September and once again was hosted by the Methlick Scout Group. An impressive entry of 7 cars set out to tackle the by-roads around the village after first being given a cobweb removing reminder of basic road rally techniques. The field was once again led away by Euan Lindsay and Club President Graham Bruce proving that he always leads from the front (well at least until the second junction of the route). The event progressed without major mishap, at least none were reported to the Clerk of the Course, and judging by the smiles and excited banter as the crews returned it had been enjoyed by all.

Among many firsts Catriona managed to retain her tea, Euan and Graham improved their score into double figures and the Robin Watt/Duncan Stephen team representing the RSOC and competing for the first time won the event on a tie break.

The final event of the championship is the Williamson 100 which will be held on Saturday 25th November and because the route is twice as long double points will be awarded.
